Hello. I am writing to express my support of the Complete Streets legislation being considered for the State of Connecticut. As a New Haven resident, I am thrilled that elected officials in New Haven have recognized the importance to the vitality of the city to ensure pedestrians and cyclists are integrated into the fabric of future transportation projects. Such planning will have a positive impact on the economy, environment, and cultural activity of Connecticut. Thank you for any efforts you can make to support the passage of this legislation.
