Subject: In Support of S.B. No. 16, AN ACT ADDRESSING GUN VIOLENCE AND JUVENILE CRIME.

Dear Judiciary Committee Members

I am writing to support the passage of SB. no. 116 addressing Gun Violence and Juvenile Crime. Both of th are on the increase in Connecticut right now, and steps need to be taken to lower the incidence. We had tw relatives murdered by a teenager, and Sandy Hook involved people I know.

If someone is carrying a gun, police should have the right to know if that gun is being carried legally. Aomeone could be carrying a gun, and looking perfectly legal on the street, but could be leaving the site of crime. It's not just about one person's right to carry a gun, it's also about another person's right to life.
