## **Traumatic Brain Injury in Children Preventing Harm, Promoting Awareness, Supporting Services from Infancy Through High School**

**Thursday, June 10, 2010**

**10:00 a.m. to 12:30 p.m.**

**Room 1-C, Legislative Office Building, 300 Capitol Avenue, Hartford**

This is a multi-disciplinary roundtable forum to discuss ways everyone – families, educators, health-care providers, and community leaders – can identify and prevent traumatic brain injuries (TBI). Our guests will include:

- Dr. Joshua Cantor, Co-Director of the Brain Injury Research Center and Assistant Prof. of Rehabilitation Medicine, Mount Sinai School of Medicine, New York City
- Debra Kamen, Director, Brain Injury and Specialized Community Services, Massachusetts Office of Health and Human Services
- Connecticut community leaders, family members, and policymakers.

**The event is free, but registration is required!**

**Seating is limited – so register now at [www.cga.ct.gov/coc](http://www.cga.ct.gov/coc)**

For more information, call the Connecticut Commission on Children at 860.240.0290.

Sponsored by:

- Connecticut Department of Social Services
- Connecticut Commission on Children
- Connecticut Family Support Council
- Connecticut Fatherhood Initiative

Supported by a grant from the Health Resources and Services Administration of the U.S. Department of Health and Human Services (Grant H21MC06767-03-00)
