"AN ACT CONCERNING THE RATE APPROVAL PROCESS FOR CERTAIN HEALTH INSURANCE POLICIES."

Strike everything after the enacting clause and substitute the following in lieu thereof:

"Section 1. Section 38a-481 of the general statutes is repealed and the following is substituted in lieu thereof (*Effective January 1, 2012*):

(a) No individual health insurance policy shall be delivered or issued for delivery to any person in this state, nor shall any application, rider or endorsement be used in connection with such policy, until a copy of the form thereof and of the classification of risks and the premium rates have been filed with the commissioner. The commissioner shall adopt regulations, in accordance with chapter 54, to establish a procedure for reviewing such policies. The commissioner shall disapprove the use of such form at any time if it does not comply with the requirements of law, or if it contains a provision or provisions

[which**]** that are unfair or deceptive or **[**which**]** that encourage misrepresentation of the policy. The commissioner shall notify, in writing, the insurer **[**which**]** that has filed any such form of the commissioner's disapproval, specifying the reasons for disapproval, and ordering that no such insurer shall deliver or issue for delivery to any person in this state a policy on or containing such form. The provisions of section 38a-19 shall apply to such orders.

(b) (1) No rate filed under the provisions of subsection (a) of this section shall be effective **[**until the expiration of thirty days after it has been filed or**]** unless **[**sooner**]** approved by the commissioner. **[**in accordance with regulations adopted pursuant to this subsection.**]** The commissioner shall adopt regulations, in accordance with chapter 54, to prescribe standards to ensure that such rates shall not be excessive, inadequate or unfairly discriminatory, as described in section 6 of this act. **[**The**]** Except as specified in subdivision (2) of this subsection, the commissioner may disapprove such rate within thirty days after it has been filed if it fails to comply with such standards. **[**, except that no rate filed under the provisions of subsection (a) of this section for any Medicare supplement policy shall be effective unless approved in accordance with section 38a-474.**]**

(2) Any rate filed under the provisions of subsection (a) of this section for health insurance that provides coverage of the type specified in subdivisions (1), (2), (4), (7), (11) and (12) of section 38a-469 shall be approved in accordance with section 6 of this act.

(c) (1) No rate filed under the provisions of subsection (a) of this section for any Medicare supplement policy shall be effective unless approved in accordance with section 38a-474.

(2) No insurance company, fraternal benefit society, hospital service corporation, medical service corporation, health care center or other entity **[**which**]** that delivers or issues for delivery in this state any Medicare supplement policies or certificates shall incorporate in its rates or determinations to grant coverage for Medicare supplement

insurance policies or certificates any factors or values based on the age, gender, previous claims history or the medical condition of any person covered by such policy or certificate. **[**, except for plans "H" to "J", inclusive, as provided in section 38a-495b. In plans "H" to "J", inclusive, previous claims history and the medical condition of the applicant may be used in determinations to grant coverage under Medicare supplement policies and certificates issued prior to January 1, 2006.**]**

[(d) Rates on a particular policy form will not be deemed excessive if the insurer has filed a loss ratio guarantee with the Insurance Commissioner which meets the requirements of subsection (e) of this section provided (1) the form of such loss ratio guarantee has been explicitly approved by the Insurance Commissioner, and (2) the current expected lifetime loss ratio is not more than five per cent less than the filed lifetime loss ratio as certified by an actuary. The insurer shall withdraw the policy form if the commissioner determines that the lifetime loss ratio will not be met. Rates also will not be deemed excessive if the insurer complies with the terms of the loss ratio guarantee. The Insurance Commissioner may adopt regulations, in accordance with chapter 54, to assure that the use of a loss ratio guarantee does not constitute an unfair practice.

(e) Premium rates shall be deemed approved upon filing with the Insurance Commissioner if the filing is accompanied by a loss ratio guarantee. The loss ratio guarantee shall be in writing, signed by an officer of the insurer, and shall contain as a minimum the following:

(1) A recitation of the anticipated lifetime and durational target loss ratios contained in the original actuarial memorandum filed with the policy form when it was originally approved;

(2) A guarantee that the actual Connecticut loss ratios for the experience period in which the new rates take effect and for each experience period thereafter until any new rates are filed will meet or exceed the loss ratios referred to in subdivision (1) of this subsection. If the annual earned premium volume in Connecticut under the

particular policy form is less than one million dollars and therefore not actuarially credible, the loss ratio guarantee will be based on the actual nation-wide loss ratio for the policy form. If the aggregate earned premium for all states is less than one million dollars, the experience period will be extended until the end of the calendar year in which one million dollars of earned premium is attained;

(3) A guarantee that the actual Connecticut or nation-wide loss ratio results, as the case may be, for the experience period at issue will be independently audited by a certified public accountant or a member of the American Academy of Actuaries at the insurer's expense. The audit shall be done in the second quarter of the year following the end of the experience period and the audited results must be reported to the Insurance Commissioner not later than June thirtieth following the end of the experience period;

(4) A guarantee that affected Connecticut policyholders will be issued a proportional refund, which will be based on the premiums earned, of the amount necessary to bring the actual loss ratio up to the anticipated loss ratio referred to in subdivision (1) of this subsection. If nation-wide loss ratios are used, the total amount refunded in Connecticut shall equal the dollar amount necessary to achieve the loss ratio standards multiplied by the total premium earned from all Connecticut policyholders who will receive refunds and divided by the total premium earned in all states on the policy form. The refund shall be made to all Connecticut policyholders who are insured under the applicable policy form as of the last day of the experience period and whose refund would equal two dollars or more. The refund shall include interest, at six per cent, from the end of the experience period until the date of payment. Payment shall be made during the third quarter of the year following the experience period for which a refund is determined to be due;

(5) A guarantee that refunds less than two dollars will be aggregated by the insurer. The insurer shall deposit such amount in a separate interest-bearing account in which all such amounts shall be

deposited. At the end of each calendar year each such insurer shall donate such amount to The University of Connecticut Health Center;

(6) A guarantee that the insurer, if directed by the Insurance Commissioner, shall withdraw the policy form and cease the issuance of new policies under the form in this state if the applicable loss ratio exceeds the durational target loss ratio for the experience period by more than twenty per cent, provided the calculations are based on at least two thousand policyholder-years of experience either in Connecticut or nation-wide.

(f) For the purposes of this section:

(1) "Loss ratio" means the ratio of incurred claims to earned premiums by the number of years of policy duration for all combined durations; and

(2) "Experience period" means the calendar year for which a loss ratio guarantee is calculated.**]**

[(g)**]** (d) Nothing in this chapter shall preclude the issuance of an individual health insurance policy **[**which**]** that includes an optional life insurance rider, provided the optional life insurance rider **[**must**]** shall be filed with and approved by the Insurance Commissioner pursuant to section 38a-430. Any company offering such policies for sale in this state shall be licensed to sell life insurance in this state pursuant to the provisions of section 38a-41.

[(h)**]** (e) No insurance company, fraternal benefit society, hospital service corporation, medical service corporation, health care center or other entity that delivers, issues for delivery, amends, renews or continues an individual health insurance policy in this state shall: (1) Move an insured individual from a standard underwriting classification to a substandard underwriting classification after the policy is issued; (2) increase premium rates due to the claim experience or health status of an individual who is insured under the policy, except that the entity may increase premium rates for all individuals in

an underwriting classification due to the claim experience or health status of the underwriting classification as a whole; or (3) use an individual's history of taking a prescription drug for anxiety for six months or less as a factor in its underwriting unless such history arises directly from a medical diagnosis of an underlying condition.

Sec. 2. Section 38a-513 of the general statutes is repealed and the following is substituted in lieu thereof (*Effective January 1, 2012*):

(a) No group health insurance policy, as defined by the commissioner, or certificate shall be **[**issued or**]** delivered or issued for delivery in this state unless a copy of the form for such policy or certificate has been submitted to and approved by the commissioner **[**under the regulations adopted pursuant to this section**]** and, with respect to a small employer group health insurance policy, as "small employer" is defined in section 38a-564, the classification of risks and the premium rates have been filed with the commissioner. The commissioner shall adopt regulations, in accordance with chapter 54, concerning the provisions **[**,**]** and submission **[**and approval**]** of such policies and certificates and establishing a procedure for reviewing such policies and certificates. If the commissioner issues an order disapproving the use of such form, the provisions of section 38a-19 shall apply to such order.

(b) (1) No rate filed under the provisions of subsection (a) of this section shall be effective unless approved by the commissioner. The commissioner shall adopt regulations, in accordance with chapter 54, to prescribe standards to ensure that such rates shall not be excessive, inadequate or unfairly discriminatory, as described in section 6 of this act. Except as specified in subdivision (2) of this subsection, the commissioner may disapprove such rate within thirty days after it has been filed if it fails to comply with such standards.

(2) Any rate filed under the provisions of subsection (a) of this section for a small employer group health insurance policy that provides coverage of the type specified in subdivisions (1), (2), (4), (7),

(11) and (12) of section 38-469 shall be approved in accordance with section 6 of this act.

[(b)**]** (c) No insurance company, fraternal benefit society, hospital service corporation, medical service corporation, health care center or other entity which delivers or issues for delivery in this state any Medicare supplement policies or certificates shall incorporate in its rates or determinations to grant coverage for Medicare supplement insurance policies or certificates any factors or values based on the age, gender, previous claims history or the medical condition of any person covered by such policy or certificate. **[**, except for plans "H" to "J", inclusive, as provided in section 38a-495b. In plans "H" to "J", inclusive, previous claims history and the medical condition of the applicant may be used in determinations to grant coverage under Medicare supplement policies and certificates issued prior to January 1, 2006.**]**

[(c)**]** (d) Nothing in this chapter shall preclude the issuance of a group health insurance policy **[**which**]** that includes an optional life insurance rider, provided the optional life insurance rider must be filed with and approved by the Insurance Commissioner pursuant to section 38a-430. Any company offering such policies for sale in this state shall be licensed to sell life insurance in this state pursuant to the provisions of section 38a-41.

[(d)**]** (e) Not later than January 1, 2009, the commissioner shall adopt regulations, in accordance with chapter 54, to establish minimum standards for benefits in group specified disease policies, certificates, riders, endorsements and benefits.

(2) Each filer making a rate or amount filing pursuant to this subsection shall:

(A) On the date the filer submits such rate or amount filing to the Insurance Commissioner, clearly and conspicuously disclose to its insureds or subscribers, or in the case of a small employer group health insurance policy specified in subdivision (2) of subsection (b) of section 38a-513 of the general statutes, as amended by this act, to the policyholder for distribution to such policyholder's covered certificate holders, in writing and in such form as the commissioner may prescribe: (i) The proposed general rate or amount increase and the dollar amount by which an insured's, subscriber's or policyholder's policy or agreement will increase, including any increase because of the insured's, subscriber's or certificate holder's age or change in age rating classification and the percentage increase or decrease of the proposed rate or amount from the current rate or amount; (ii) a statement that the proposed rate or amount is subject to Insurance Department review and approval; and (iii) detailed information on the insured's, subscriber's or policyholder's right to submit public comment to the Insurance Department, including the Internet web site, mailing address and phone number of said department and instructions on how to submit comments to the department; and
