

INSURANCE PREMIUM TAX

By: John Rappa, Chief Analyst

INSURANCE PREMIUM TAX REVENUE

The insurance premium tax generated on average about \$240 million in FYs 13-15 or 1.67% of total state tax revenues. The table below shows the insurance premium tax revenues for each of those fiscal years and the share of total state tax revenues.

Insurance Premium Tax Revenue as a Share of Total Tax Revenue: FYs 13-15 (in millions)

FY	Total Tax Revenue	Insurance Premium Tax	
		Total Revenue	% of Total State Tax Revenue
13	\$14,552.7	\$260.9	1.8
14	14,323.1	240.7	1.7
15	14,792.3	220.6	1.5

ISSUE

Describe Connecticut’s insurance premium tax.

SUMMARY

Connecticut imposes an insurance premium tax on insurance premiums and health care center subscription charges ([CGS §§ 12-201 et seq.](#)). For authorized insurers, the tax rate is 1.75% of the annual direct net premiums for policies on property or risks in Connecticut. For people and entities purchasing insurance from unauthorized insurers, the tax rate is 4% of the gross premiums charged for the insurance. The rate for health care centers is 1.75% of direct net subscription charges.

The law exempts premiums for specified policies and subscription charges paid by enrollees of specified health care plans. Insurers and health care centers also qualify for various credits against the tax, a portion of which they must pay each calendar quarter. They and the parties purchasing insurance from unauthorized insurers are liable for penalties if they underpay the

required amount or inaccurately estimate their annual tax liability.

Attachment 1 outlines the insurance premium tax’s structure.

INSURANCE PREMIUM TAX

Taxable Transactions

The insurance premium tax is a tax on insurance premiums and health care subscription charges. Insurers licensed to do business in Connecticut (i.e., authorized insurers) pay a tax of 1.75% of their annual net direct premiums for property or risk insured in Connecticut, excluding cancellations and other returned premiums and dividends paid to policyholders on direct business. These insurers include those incorporated in Connecticut (i.e., domestic insurers) and those incorporated in other states or countries (i.e., foreign insurers).

People and entities that purchase insurance from unlicensed insurers (i.e., unauthorized insurers) pay a tax of 4% of the gross premiums, including membership fees, assessments, dues, and other considerations for insurance. Unauthorized insurers typically insure unique or uncommon conditions or circumstances.

Health care centers pay a tax of 1.75% of their annual direct net subscriber charges, excluding cancellations and other returned charges.

Tax Exemptions

The law exempts premiums (1) foreign insurers receive for marine insurance policies and (2) paid for marine related policies (i.e., "wet marine" and transportation insurance) issued by unauthorized insurers.

The law also exempts charges health care centers receive from people enrolled in specified health care plans, including Medicaid, Medicare, HUSKY, and state employee health plans.

There are no exemptions for domestic insurers.

Insurer and Health Care Center Tax Credit

Domestic insurers with admitted assets under \$95 million qualify for a credit equal to 80% of their annual corporation business taxes and Insurance Department assessments.

Domestic and foreign insurers and health care centers also qualify for a wide range of credits for various expenditures, including purchasing electronic data processing equipment, contributing funds to specified charitable purposes, and investing in specified economic development projects or funds. Attachment 2 identifies and describes these credits.

Payment Schedule

Licensed insurers and health care centers pay a portion of the tax each calendar quarter. They must pay 30% of the total tax by March 15, 60% by June 15, 80% by September 15, and 100% by December 15. The total tax must equal 90% of their estimated annual tax or 100% of the taxes paid for the prior year.

People and entities purchasing insurance from unauthorized insurers must pay the tax by March first of the calendar following the year they purchased the insurance.

Penalties

Insurers and health care centers that underpay the required quarterly installment must pay interest on the unpaid amount at a rate of 1% per month for each month until they pay the balance. They are also subject to penalties if the insurance commissioner finds a deficiency in their annual returns.

People and entities purchasing insurance from unauthorized insurers are also liable for penalties if they fail to pay the tax on time. The penalty is 10% of the tax or \$75, whichever is greater plus interest at 1% per month until the tax is paid.

Attachment 1: Structure of the Insurance Premium Tax

Taxable Transactions			
Sale of insurance policies		Sale of subscriptions for health care center services	
Taxpayers			
Domestic Insurance Companies (i.e., companies incorporated in Connecticut)	Foreign Insurance Companies (i.e., companies incorporated in other states)	People and entities purchasing insurance from unauthorized insurers (i.e., insurers covering unique or uncommon risks)	Health Care Centers
Tax Bases			
Total net direct premiums excluding: <ul style="list-style-type: none"> • Cancellations and other returned premiums and • Dividends paid to policyholders on direct business 	Total net direct premiums excluding: <ul style="list-style-type: none"> • Cancellations and other returned premiums and • Dividends paid to policyholders on direct business 	Gross premiums, including membership fees, assessments, dues, and other consideration for insurance, excluding premiums paid for marine related policies	Net direct subscriber charges, excluding cancellations and other returned charges
Exemptions			
No exemptions	Ocean marine insurance (policies on goods shipped by water)	Wet marine and transportation insurance (i.e., insurance covering vessels, marine builders' risks, marine-related freight and disbursements, and shipped personal property)	Subscription charges paid by people enrolled in specified health care plans, including Medicaid, Medicare, HUSKY, and state employee health plan
Tax Rates			
For domestic and foreign insurers: 1.75% of net direct premiums		4% of gross premium	1.75% of net subscriber charges
Tax Credits by Taxpayer			
<ul style="list-style-type: none"> • Companies with admitted assets under \$95 million qualify for credits equal to 80% of corporation business taxes and Insurance Department assessments paid during calendar year • Plus credits for various charitable, business, and economic development purposes, up to statutory caps (see Attachment 2) 	Credits for various charitable, business, and economic development purposes, up to statutory caps (see Attachment 2)	No credits	Credits for various charitable, business, and economic development purposes, up to statutory caps (see Attachment 2)

Attachment 2 (continued)

Tax Credit Program and Year Enacted	Eligibility Criteria	Credit Limits	Carryforward or Carryback	Transferable
Digital Animation Production (CGS § 12-217II , 2007)	<ul style="list-style-type: none"> • Business must incur eligible production expenses and costs in Connecticut • Eligible costs and expenses include intellectual property, production equipment, and trailers 	<ul style="list-style-type: none"> • Total annual credits capped at \$15 million • Three-tiered credit: <ul style="list-style-type: none"> ○ 10% for expenditures between \$100,000-\$500,000 ○ 15% for expenditures between \$500,000 and \$1 million ○ 30% for expenditures over \$1 million 	All or any part of the tax credit may be claimed in the year the production expenses or costs were incurred or in any of the three succeeding years	Yes, up to three times
Insurance Reinvestment (CGS § 38a-88a , 1994)	<ul style="list-style-type: none"> • Insurance companies investing cash in state-certified “insurance reinvestment funds” • Funds must invest the cash only in eligible Connecticut-based businesses and meet other investment requirements 	<ul style="list-style-type: none"> • 100% of cash investment claimed over 10 years, beginning in the fourth year after investment was made: <ul style="list-style-type: none"> ○ 10% per year in years four through seven ○ 20% per year in years eight through 10 	Five-year carry forward; no carryback	Yes, credit owner may transfer the credit, but assignee may not further transfer it

* [PA 11-140](#) expanded the credits to these businesses but did not make corresponding changes to the statutory procedures for claiming the credit

** The law caps the total amount of tax credits that may be issued under four job creation tax credit programs (i.e., new job creation, small business job creation, vocational rehabilitation job creation, and job expansion tax credits). [PA 13-232](#) changed the credit cap on the JET credits, from \$20 million per year to \$40 million over the duration of the JET program, but did not make conforming changes to the caps in the other programs’ statutes. Two of these credit programs, the new job creation and vocational rehabilitation job creation tax credits, are now defunct.
