

To: Honored Co-Chairs Sen. Needleman and Rep. Arconti and Distinguished Members of the Energy & Technology Committee

From: Sister Cecilia Baranowski, RSM (Religious Sisters of Mercy)

March 4, 2020

I am writing in support of SB 10. The need to reduce greenhouse emissions from our transportation sector. Greenhouse emissions are a major pollutant. In addition we need to store energy to be more effective. Energy efficiency is the easiest, most cost effective way to achieve greenhouse gas reduction goals.
