

Dear Members of the CT Legislature,

We are writing in support of SB 10 and HB 5350.

SB 10: We support establishing goals for carbon deduction, and we urge you to meet the targets outlined by the *Special Report on Global Warming* by the Intergovernmental Panel on Climate Change. They call for governments to reduce their emissions to 40-60% of 2010 levels by 2030 and net zero by 2050.

HB 5350: We support fair wages for natural gas workers, as well as fair rates for natural gas users.

Thank you for considering our testimony,
Eliza Caldwell and Adam Matlock
