Testimony in Favor of S.B. 346 An Act Concerning Public Options for Health Care in Connecticut

Insurance and Real Estate Committee

3/5/2020

My name is Sally Grossman. I am from Windsor. I am providing testimony in support of S.B. 346, An Act Concerning Public Options for Health Care in Connecticut.

I am a self-employed small business owner. Currently, I am covered under the Husky program for my healthcare and dental needs. It has been a life saver for my family and myself. When I no longer meet the income eligibility requirements for Medicaid, I will have to purchase healthcare as an individual. But due to the increasing costs of health insurance, it will be extremely difficult for my family to add this into our budget. Offering a public options with multiple plans will allow me to choose which plans are best suited for my needs, and that of my family.

I urge the committed to vote in favor of S.B. 346 to help ensure more Connecticut residents have affordable and comprehensive healthcare coverage. Thank you.
