OPPOSE HB 5019 AND SB 403 CONCERNING ERASURE OF CRIMINAL RECORDS

We urge you to oppose these and any similar bills that put our families and the community at risk!

We rent in Enfield from a landlord that is a caring hard working person who screened us and all of his tenants fairly and without prejudice. We are *a mother and daughter* and we currently feel safe in our home.

If our landlord can no longer fully screen new tenants because you've made criminal records off limits to him or erased them from ever being found we don't believe we could feel as safe as we do now. These bills would put our safety at risk and protect convicted criminals from deserved scrutiny almost as if they are a protected citizen now! That is not fair to us!

We urge you to OPPOSE these bills and any similar bills. They threaten the safety of our homes and neighborhoods!

Respectfully,

Lorraine Januszewski

29 Pease Street

Enfield, CT.
