

**Testimony of Brian P. Mulroy
Before the Appropriations Committee
February 21, 2020**

Department of Mental Health and Addiction Services (DMHAS) budget

**H.B. No. 5005 AN ACT ADJUSTING THE STATE BUDGET FOR THE BIENNIUM ENDING
JUNE 30, 2021**

Good evening Senators Osten, Representative Walker, and members of the Appropriations Committee. My name is Brian Mulroy, and I am also a member of the National Alliance on Mental Illness (NAMI). NAMI is the nation's largest grassroots mental health organization dedicated to building better lives for all those affected by mental health conditions. NAMI Connecticut, and its local affiliates provide support groups, educational programs, and advocacy for individuals, families, and children impacted by mental health conditions.

My family has been touched by serious mental illness for almost a decade now. Fortunately, for the moment, we have sufficient resources and support available to us. However, there are many, many families that do not. The support provided by the DMHAS in Connecticut is vital to those in crisis. In the end, society will be measured by its willingness and ability to help those that are unable to help themselves. You have the power and ability to make that happen.

I understand the state's continuing fiscal challenges and the difficult decisions facing legislators and I appreciate that the Governor has flat-funded and not significantly cut the DMHAS budget. At the same time, certain state services and supports must be prioritized because of the increasing needs for services and the greater health care and human costs resulting from short-term funding cuts. I am asking you to consider increasing the funding for DMHAS behavioral health services, for related housing supports, and for services for high-need individuals in the DHMAS' budget.

I support the following items in the Governor's budget proposal:

- The additional \$280,880 for private nonprofit providers to reflect the impact of minimum wage increases on their costs.
- The Housing Supports/Services maintained at \$23 million for FY 21.
- The \$3 million dollars in new funding to fund community placements for individuals at Connecticut Valley Hospital who are ready for discharge. This funding would support twenty placements during fiscal year 2021. The funding would cover both rental subsidies and funding for wraparound services and supports.
- The Young Adults Services that are maintained at levels of the enacted budget, \$78 million in FY 21.
- The maintaining of the Managed Service System, (Federal) Grants for Substance Abuse Services, and (Federal) Grants for Mental Health Services line items; that all help fund NAMI Connecticut's work. work at NAMI Connecticut.

Thank you for your time and attention.

Sincerely,

Brian P. Mulroy
