

I'm an artist and printmaker in Old Lyme, CT, and I support more funding for the arts. I have been working with the Lyme Academy of Fine Arts, trying to get their fabulous printmaking studio up and running. Old Lyme has a wonderful history in art, and I think it will have a great future, if we can sustain and expand on the foundations we have here.

So please help maintain and expand our very rich heritage, which is a draw to this quiet but incredibly rich shoreline area.
