Table 2 indicates the eventual total General Fund fiscal impact of the bill, through debt service, if all bonds authorized by the bill are allocated by the State Bond Commission and issued by the Office of the State Treasurer. If new authorizations are fully allocated when effective, there would be a cost to the General Fund for debt service of approximately, \$80.5 million in FY 23. The remaining debt service costs identified in Table 2 would be repaid after the biennium.

### **Clean Water Fund Revenue Bonds**

Clean Water Fund Revenue bonds are issued and repaid using the resources of the Clean Water Fund. These bonds are not expected to have an impact on appropriated funds.

### **Municipal Impact of Bonding Provisions**

To the extent authorized bonds are allocated by the State Bond Commission, the bill will result in a collective municipal revenue gain of at least \$166 million in each of FY 22 and FY 23, including revenue from three programs (Local Capital Improvement Program (LoCIP) - \$30 million each year, Town Aid Road (TAR) - \$60 million each year, and Grants for Municipal Purposes - \$76 million each year). New authorizations for multiple other bond programs, including programs regarding school construction, urban development projects, and drinking water programs, will also result in additional revenue gain to various municipalities.

### ***The Out Years***

To the extent that bonds are allocated and issued, debt service payments may extend up to 20 years from the time, and under of the terms, of issuance.

**OLR Bill Analysis****sSB 887*****AN ACT AUTHORIZING AND ADJUSTING BONDS OF THE STATE FOR CAPITAL IMPROVEMENTS, TRANSPORTATION AND OTHER PURPOSES.*****SUMMARY**

This bill authorizes up to \$1.75 billion for FY 22 and \$1.57 billion for FY 23 in state general obligation (GO) bonds for state capital projects and grant programs, such as school construction, housing development and rehabilitation programs, and municipal aid. It also cancels or reduces approximately \$143.6 million in current GO bond authorizations.

The bill authorizes up to \$836.9 million in new special tax obligation (STO) bonds for FY 22 and \$929.6 million for FY 23 for transportation projects. It also authorizes up to \$518 million in revenue bonds over the two years for Clean Water Fund loans.

Among its other changes, starting in 2022, the bill:

1. requires the State Bond Commission to meet at least quarterly to allocate bonds; and
2. requires the governor, Senate president, and House speaker to jointly agree on the grants and projects to be included in each Bond Commission agenda.

EFFECTIVE DATE: July 1, 2021, for FY 22 bond authorizations and July 1, 2022, for FY 23 authorizations. Other provisions are effective July 1, 2021, unless otherwise noted below.

**§§ 1-38, 55 & 86-87 — NEW BOND AUTHORIZATIONS FOR STATE AGENCY PROJECTS AND GRANTS**

The bill authorizes new GO bonds for FYs 22 and 23 for the state projects and grant programs listed in the table below. The bonds are subject to standard issuance procedures and have a maximum term of 20 years.

The bill includes a standard provision requiring, as a condition of bond authorizations for grants to private entities, each granting agency to include repayment provisions in its grant contract in case the facility for which the grant is made ceases to be used for the grant purposes within 10 years of the grantee receiving it. (The bill exempts the Office of Policy and Management (OPM) and Department of Administrative Services grants from this requirement.) The required repayment is reduced by 10% for each full year that the facility is used for the grant purpose.

**Table 4: Cancellations and Reductions**

### **Microgrids (§§ 67 & 75)**

The bill changes the purpose of two existing bond authorizations for energy microgrids. Under current law, the authorizations (\$15 million and \$5 million, respectively) are for a program to establish energy microgrids to support critical municipal infrastructure. The bill instead directs them to the microgrid and resilience grant and loan pilot program.

### **Healthy Homes Program (§§ 77 & 80)**

Current law authorizes bonds for the DOH and Connecticut Children's Medical Center's (CCMC) Healthy Homes Program that abates lead and addresses other environmental health and safety concerns in homes. The bill eliminates references to CCMC for purposes of these authorizations.

## **§ 88 — NONPROFIT ORGANIZATION SECURITY INFRASTRUCTURE COMPETITIVE GRANT PROGRAM**

Existing law requires DESPP to administer a competitive grant program to reimburse eligible nonprofit organizations for security infrastructure improvements. The bill eliminates the July 31, 2020, deadline for applying for the grants, thus allowing for additional rounds of grant applications. The bill also makes a conforming change by eliminating a provision that authorized a second round of grant applications if there were remaining bonds funds after the first round.

**§§ 90 & 91 — STATE BOND COMMISSION**

Beginning January 1, 2022, the bill requires the State Bond Commission to meet at least quarterly to allocate bonds. Additionally, starting in 2022, it requires the governor, Senate president, and House speaker, in consultation with the Senate and House minority leaders, to jointly agree on the grants and projects to be included in the agenda for each meeting held to allocate bonds.
