***State Impact:*** None

***Municipal Impact:*** None

### ***Explanation***

The bill requires the Department of Transportation (DOT), in collaboration with other agencies, to 1) establish a program to test and operate automated driving system (ADS) equipped vehicles and 2) adopt regulations establishing program requirements, including a new application and permit process for joining the program. The bill is not expected to result in a fiscal impact because DOT has the expertise to adopt the relevant regulations and to review applications that are received as part of the program.
