### ***Explanation***

The bill creates new infractions related to ice cream trucks, including improperly equipping or operating an ice cream truck as described in the bill and for failing to stop a vehicle 10 feet or more from an ice cream truck when required. To the extent that offenders are fined, the bill results in potential minimal revenue gain. Infractions are not crimes and are punishable by fines that usually range from \$100 to \$300.

The bill also prohibits the Department of Motor Vehicles (DMV) from registering an ice cream truck that is not properly equipped, as described in this bill, and allows DMV to establish additional equipment standards and requirements by regulation. There is no anticipated cost to DMV, as the department can accomplish the requirements through self-certification of compliance, which can be incorporated into current levels of operations.
