

To the Chairs and Members of the GAE Committee,

As a voter and as a Registrar of Voters, I urge you not to support Bills HB 5540 and 6325. Our electoral system needs to be nimble. It needs to be expanded rather than contracted to insure more voters the right and ease of voting. These two bills accomplish the reverse needlessly hampering the voting process and the authority of SOTS.

Thank you,
Kate Wessling
