March 22, 2021

To the Committee on Government Administration and Elections:

I support HB #6325 and am in favor of the following:

1. Requiring the Secretary of the State ("SOS") to report on certain election laws modified or suspended for any primary or election held in 2020 or 2021;
2. Requiring any declaratory ruling, instruction, opinion, or order of the SOS to be adopted as a regulation and submitted to the legislative Regulation Review Committee;
3. Prohibiting the unsolicited mailing of absentee ballots by certain election officials;
4. Providing state-wide consistency regarding pre-election day processing of absentee ballots whenever authorized, and prohibiting registrars of voters from contacting voters for the purpose of securing unsigned absentee ballots;
5. Requiring the SOS to establish a pilot program for the verification of signatures on returned absentee ballot envelopes;
6. Requiring that absentee ballot application contain a statement regarding penalties for noncompliance with certain provisions;
7. Establishing a task force to study the feasibility of single-envelope returns of absentee ballots
8. Establishing a working group to examine risk-limiting audits of election results;
9. Changing the deadline by which minor parties need to file their rules with the SOS prior to nominating candidates for office. *

Changing the excuses for Absentee Ballot Voting was unconstitutional last summer and is unconstitutional now. The pandemic is receding, our state and country are opening up, and no one got Covid-19 voting in person on November 3, 2020. Over a million people safely voted. *

Sincerely,

Nancy Hemstreet Eaton
