

I am in support of amending the constitution to allow for early voting and no excuse absentee balloting. Our voting system is reliable and passage of these bills will allow access to many voters who found it difficult to get to the polls on election day.

However, 1. the process should be made easy as it was for the pandemic voting with drop boxes. 2. Also the processing of the applications, by the town clerks, be done in a timely manner. Possibly a penalty to the town for delays. 3. If there are added costs to the change then the state needs to help with the expenses. There may be added costs for personnel to handle and count absentee ballots.
