

Testimony for 2/22/21 No-Excuse Absentee Voting Bill #HJ 58 and Early Voting Bill #HJ 59

I am writing in support of both the No-Excuse Absentee Voting Bill #HR 58 and Early Voting Bill #HR 59. I am a 77 year old woman who found the 2020 election changes for voting in Connecticut to be a method that has been a long time over due. It was easy to follow and took in to consideration that the elderly find it difficult even in the best of times to get out for a variety of reasons. I believe it will increase participation in the voting process which should be the aim in our democracy.
