

Dear Honorable Government Administration and Election
Committee Members:

I am writing to you today voicing my support for:

1. House Joint Resolution No. 58 (HJ 58) Resolution proposing an Amendment to the State Constitution to Permit No-Excuse Absentee Voting, and
2. House Joint Resolution No. 59 (NJ 59) Resolution Proposing an Amendment to the State Constitution to Permit Early Voting

Supporting these 2 constitutional resolutions with no-excuse absentee voting and early balloting will safeguard Connecticut's residents – from first-time voters, to working parents, to family caregivers, to seniors in nursing homes – by providing voters the option to cast their ballot safely and conveniently. These resolutions also offer the state a degree of flexibility should we find ourselves in the midst of another pandemic during election season.

Please support the electorate, your constituents, by passing these resolutions so permanent changes may be made to our constitution.

Respectfully submitted,

Betty A. Bajek
