

Dear members of the GAE Committee,

I am writing to ask you to support bills H.J. No. 58 and H.J. 59. I believe that everyone should be able to vote by absentee ballot and I believe that Connecticut voters should be able to vote early. I voted by absentee for the primary and in November because of my concerns about Covid-19. Being able to vote by an absentee ballot and being able to vote early for an election will make voting easier and available to more residents of Connecticut.

Thank you,  
Anne Bowman
