

To Whom It May Concern;

I strongly support both HJ 58-absentee voting and HJ 59 Early voting. I'm a senior with diabetes and would not have wanted to expose myself (and my husband who is 94) to Covid . by voting in person. I am so very thankful that we were given the opportunity to vote by absentee ballot.

Early voting is necessary for those of us who are not able to spend time at the polls to vote or are unable to stand for any length of time.

Please pass these two bills,

Thank you,
Elinor Darvick
