

Dear Members of the GAE Committee:

I voted by Absentee Ballot last November and greatly appreciated the opportunity to do so. The system of dropping off the completed ballot at a secure box at my Town Hall worked like a charm.

I am shocked and disappointed to learn that this method of voting is not available in future CT elections.

Please bring CT in line with the many other states that allow and encourage absentee voting. It is inexcusable that CT has some of the most restrictive voting laws in the nation.

I urge you to support HJ 58 and HJ 59 to address needed voting reforms. It's time to bring CT into the 21st century!

Thank you, Evelyn Eisenhardt
Glastonbury, CT
