

To whom it may concern, I was delighted this year to be able to request an absentee ballot and vote by dropping my ballot in the box outside my town hall. I had weeks to complete the application and ballot which was very helpful as I work 3 jobs. This is a convenient way for me to vote as I don't get the day off to go and vote, and I want this to be permanent way so I can always vote. I don't see why it shouldn't. Marie Farrell, Westbrook CT
