

To the Members of the GAE Committee,

My name is Meghan Foster from Wallingford. I am writing in support of the bills noted below. I believe a thriving democracy depends on easy access to voting, no matter who you are or where you live. Providing early voting and no excuse absentee voting allows for greater access to populations that have trouble or can't get to the polls as easy on Election Day.

Please consider the bills below and how important these amendments would be in expanding the electorate.

The Bill numbers and titles:

1. H.J. No. 58 (2021): Resolution proposing a State Constitutional Amendment to allow no-excuse Absentee Voting
- 2.
3. H.J. No. 59 (2021): Resolution approving an Amendment to the State Constitution to allow for Early Voting

Thank you,  
Meghan Foster
