

Public Hearing 2/22/2021

To the Chairs and Members of the GAE Committee

As a very experienced poll worker and certified election monitor, I strongly support H.J. 58. No-excuse absentee voting worked marvelously in Connecticut in the 2020 election when it was applied on an emergency basis due to the pandemic. Enacting this through legislation will provide even more lead time, so that no-excuse absentee voting can work even more efficiently. Thank you for working to improve Connecticut's voting system.
