

I urge all state Connecticut legislators to support bills HJ58 (NEAV) and HJ159 (EV). A majority of the voters in Ct. are strongly in favor of making voting easier, as passage of these two bills will surely do.

Many voters have difficulty getting to the polls. Why do they have to have any other "excuse"? Absentee voting should be every person's right,. Early voting as well will enable voters to more easily have a voice.

I have confidence you will act in the interest of a better functioning democracy in Connecticut.

Thank you, Louise Hoffman
