

Hello,

My name is Ken Neurohr and I live at 409 Hope St, Stamford, CT 06906.

I'm writing this email today to express my full support to cement Early Voting and No Excuse Absentee Voting as a RIGHT in our great state of CT. I believe every state in the America should adopt similar practices and would love to see our state set a precedent for others to adopt. There is no excuse why we haven't already pushed for such measures, as they only help turnout so much. The voting process should be made simpler and easier so everyone has a chance to make their voice heard. We all deserve to be heard.

Thank you

-Ken
