

It is simple - NO. We will not allow anyone to just vote. They must be citizens of CT and have proof of town residence with a picture ID.

We do NOT need any laws made. As a matter of fact what the Governor and Secretary of state did in 2020 was unlawful and they should be held accountable.

I also oppose SB901, HJ 59, and HB6464 - this is not the time to make any changes especially since we cannot meet with our legislators. VOTE NO on any changes that makes it easy for illegals and undocumented too vote and for voter fraud we witnessed in CT and throughout the state. Without voting integrity we have nothing.
