

I'm writing to express my support for
Absentee Balloting Without Excuse and Early Voting. I support this expansion of
voting rights in CT. Watching elderly people stand in long lines , in the cold, or
young people with hungry, fussy children with them makes it apparent that CT's
antiquated system must change so that every voter's voice can be heard and
that there are no impediments to our democracy.

Sincerely,

Christine Rogers, Ivoryton, CT
