

As a proud Connecticut voter from New Milford, I am writing to ask you to please support bills HJ 58 and HJ 59. If we want everyone's voices to be heard and represented, as a state, we should make voting as accessible as possible to all voters. Allowing absentee and early voting will allow residents more flexibility, particularly for those that might be hindered due to their jobs, child care, sickness or disability. As Jenna Bush said, "We can all agree on the importance of voting." Please show you understand the importance of voting and support bills HJ 58 and HJ 59.

AnnMarie Sarbello
