

My husband and I do NOT agree with any changes to the CT constitution that will enable more voter fraud, such as no-excuse absentee voting, early voting, or any bogus reasons due to COVID that would increase voter fraud.

In fact, we want stronger laws that prevent voter fraud, such as Voter ID, and in person voting with Voter ID if able to. Also, remove all deceased persons' names from the voter rolls.

Using the excuse that 'people can't get to to polls to vote' is ridiculous. If people want to get to the mall or a restaurant, they will find a way.

We agree with absentee voting, with signatures and verifiable data.

We do NOT want mail-in voting.

The right to vote is Precious, and any laws that create more voter fraud, cause honest peoples votes to be cancelled.

Legislators have sworn to protect the people of Connecticut and the Constitution. Please do your job.

Thank you,

Elaine Schieffer
