

Dear Members of the GAE (Government Administration and Elections Committee)

I am writing to beg you to support **H.J. No. 58**, a resolution proposing a State constitutional amendment to allow no excuse absentee voting.

NEAV proved a tremendous help to voters who have difficulty driving or getting transported to the polls on the one day they are normally open, and those who have to stay at their place of work that day. Given the increase in numbers of people eligible to vote and the evidence that more people want to vote than voted in past elections, it is clear that the time has come to make more than one method of voting accessible.
