Re: HB 1114

To: The distinguished members of the Government Administration and  
Elections Committee

I wanted to take this opportunity to write a Letter of support for the lifting of  
the low income restriction on the property where I currently reside.

I and my neighbors feel removing this restriction would be in our short AND  
long term best interest. In the short term it would benefit us by finally being  
able to own our property. In the long term It would allow our properties to  
appropriately appreciate in value like all Americans homeowners do. This  
restriction has directly kept our properties undervalued. Some of us bought  
not knowing this property had this restriction in place

It would also be in the best interest of the town, allowing for greater revenue  
and happier town members. Lifting this restriction is a win for all parties  
directly affected by it.

The original management company swindled and failed us home owners. I  
am confident your distinguished members are understanding and will support  
us working people who only want to own their property free and clear. I look  
forward to the day I can come home after a 13 hour shift in the ICU to my  
home/property that is 100% mine.

Sincerely,

**Raelando Miller**
