

My name is David DeRoehn and I'm not in favor of this bill ! I'm a Sprinkler Fitter that holds a F-2 Fire Protection License with the State of Connecticut . Life safety is at stake here , many people who will travel or work in our State will not know the proper codes for Fireprotection. Which leads me to believe innocent people will lose their lives . This State use to be an amazing place to work as a skilled tradesman , we where proud and everyone kind of knew each other or at least the Foreman . There was a trust that we all shared . I can't believe that the Democratic Party has forgotten the working middle class ! A sad day today , and this law is to help certain trades who seem can't find help . Maybe if they treated their help better and paid them for a honest days pay we wouldn't even be here today. My last thing , ask yourselves why there is a shortage of skilled tradesmen or supposed to be . Maybe everyone is leaving this State !
