

Public Hearing  
Testimony  
Thursday, February 18, 2021

To Co-Chairs Sen. Maroney and Rep. D'Agostino, Vice Chairs Sen. Fonfara and Rep. Gibson, Ranking Members Sen. Witkos and Rep. Rutigliano, and members of the General Law Committee:

Thank you for taking the time to regard my testimony. Listed below are the following bills I would like to provide support, opposition and/or concern to:

**Support for Proposed S.B. 152** – This seems like a perfectly reasonable offering and would be in alignment with many other industries that already offer digital/electronic delivery of receipts instead of paper ones.

**Support for Proposed S.B. 186** – It seems fair and reasonable that we should join 40 other states in aligning our policies and practices to allow individuals 16 years of age or older to operate rides as a form of gainful employment.

Thank you for taking the time to regard my statements of support and concern regarding the bills before you at your Public Hearing. Be well and be safe.

Sincerely,  
Steve Jones  
Tolland, CT
