This bill is garbage. You can not restrict landlords from knowing if they are renting to criminals. It is not fair to the tenants that are living near them. It is not fair to the landlord when doing and eviction. These people may be violent. Criminals have killed landlords in the past and they need to be able to know.

HB6528

Another stupid bill. I am a landlord and the state allows these criminals to steal from my family. I need to be able to know how much I will lose when I rent to people who have been evicted. The state has trained these people to have the states landlords support them. It is not my responsibility. I need to know.

Hb6531

This bill is criminal. Why would you allow the state to represent these criminals who are stealing from landlords. NO. It would be impossible to do an eviction if you get lawyers involved. How about a bill to force tenants to pay back rent. Or a bill to shorten the eviction process to 10 days. This is crap.
