Reasons:

Against Bill HB06531

- 1) It wastes public money. Wastes resource to protect a few bad apples instead of protecting hard working people.
- 2) Its an one-side law legislation against landlord in favor of bad renters
- 3) It pushes away business from VT to other states, bad for CT economy
- 4) The bad renter will abuse the system, and bring in significant harms to capital system
- 5) After a few years, all business will leave CT
