

- **H.B. 6462** - *An Act Concerning Use of Force by a Peace Officer*

Although CT has not jumped on the "Defund Police" bandwagon in the media, behind the scenes CT is really handcuffing our police departments and making life less safe for our general population. Our men and women in blue risk their lives every day to keep us safe. We should celebrate them and their families for their sacrifices. If there is a bad egg, the department knows how to remove that person...and they have the means to do so. So, let them do that. Until you are a victim of violence ... life threatening violence ... you might not be appreciative of the police that protect our communities...and protect you. "Use of Force" is necessary in many situations. Instead of targeting our police officers, lets look at the criminals and their actions.

Thank you for reading my two cents.
