

I OPPOSE SB-568

"All of this makes me feel unwanted"

My name is Kelsey. **I am in seventh grade and I oppose SB-568** because I would be lonely if you made me leave my school. The kids who would have to leave school would be really lonely because they wouldn't be able to go to school to see their friends. They would get depressed. There are a lot of depressed kids these days. It's starting to become normal which is not a good thing. If you kick kids out of school there would even more depressed kids and bad things would happen.

All of this makes me feel unwanted. This doesn't affect you. If you have your vaccines, according to science, you should be safe. So, if I don't get some vaccines there is no reason it would affect anyone else. The only people it would affect is those people who don't get it because they don't believe in it.

Thank you for letting me testify. I am Kelsey and I oppose SB-568.
