

To whom it may concern,

We were introduced to Music Haven in 2019 when my 11yo daughter starts learning violin with them.

My daughter developed a passion for music and the violin in particular. My daughter learned quickly how to play, and this inspire her to learn other musical instruments. It gave her a new purpose and a wonderful hobby. Music Haven will give her a chance to compete when she is applying to high school in three years.

Music Haven is very important to our community, and they are very important to the lives and souls of many many kids, and adults at the same time.

Please reinstate their funds and fulfill your promise: <https://www.newhavenarts.org/arts-paper/articles/arts-army-rallies-to-keep-music-haven-in-state-budget>.

Best,
Amaar Al-Hayder
