

Dear Appropriations Committee,

I wanted to remind you to include funding for Music Haven in the upcoming budget. After a similar oversight last year, we, Music Haven supporters, submitted extensive testimony about the importance and impact Music Haven has for our community, and Committee Chair Toni Walker assured us the oversight would be fixed (see this report from the Arts Council of Greater New Haven: <https://www.newhavenarts.org/arts-paper/articles/arts-army-rallies-to-keep-music-haven-in-state-budget>). Please remember to include in the budget the funding we were promised and rely on!

Thank you,

Elizabeth Peters
