

Please continue to support Music Haven.

I have taught in the New Haven Public School system for decades, and have seen, first-hand, tangible, positive results in many of my students who have taken Music Haven classes.

These children found their niche in the wonder of music, and I thoroughly enjoyed attending Music Haven concerts, where these proud and poised musicians produced beautiful sounds for the audience.

In particular, I can think of several Special Education students who blossomed at Music Haven. Their parents, who, like all parents, wanted the best for their children, had finally found a place where their daughters & sons could comfortably fit in, learning new and exciting skills.

Please continue to support our wonderful students, their families and teachers who need and appreciate Music Haven in their lives.

Thank you.

Sincerely,
Norine Polio
