Dear Governor Lamont and Mr. Testani,

My name is Charleene Marie Alvarez and I am a senior currently attending Central High School. I am a part of the Bridgeport Public Schools for 14 years. I am a hardworking, proactive, attentive and friendly student. I'm opposing the bill and the funding would be essential because it's important for a lot of younger children especially with disabilities who doesn't have academic resources for remote learning, laptop distribution for elementary, middle, and high school students, Grab-N-Go meals for families who don't have enough money or don't have food stamps because of the Covid-19 pandemic, and I strongly believe that money can go to the Bridgeport Public Schools.

Respectfully yours,

Charleene M. Alvarez, student
