

My name is Lynn Edwards and I am a resident of Lyme, Ct. I am a retired CT teacher. I taught in Montville for 20 years.

I am writing in Support of SB 1082. I want to make sure retired teachers are on the board to make healthcare, insurance decisions that are in best interests of retired CT teachers.

I Always want offering a Original Medicare Supplement Plan as a healthcare choice for Myself in their retirement. - Because it offers the assurances/ protections of Original Medicare.
