

Hello,

I am writing to ask that you maintain funding for the borrowitCT library program. I understand that these are difficult times but through it all, this program and our local library persevered and remained a beacon of light for our community. This program is an enormous asset to small town libraries, like ours - The Burnham Library in Bridgewater, CT - allowing patrons to borrow from other area libraries with larger collections while still maintaining the vital connection to our local community library. Our library has gone above and beyond to continue to provide us services in a safe and meaningful way over the past year and they depend on funding from you to continue to do the great work they do.

Thank you for your time and consideration.

Best,
Krystle Toczylowski
