

Presently there are NO retired teachers on the Board. Retired teachers need to be represented fairly. We are dependent on our pensions and we need a retired teacher who comprehends the gravity of that pension being protected. Please add one retired teacher to the Board's composition. This is only fair considering how many retired teachers CT has.

This is in referential the March 26, 2021 public hearing.

Donna Christian
Retired from Branford Public Schools in 1997.
