

To Senator Osten, Representative Walker, Senator Miner,
Representative France and members of the Appropriations
Committee

As a retired teacher from the state of Connecticut, I am appalled that there is ANY negative response to the plan to add an additional retired ARTC teacher to the Teacher Retirement Board. The retired teachers are currently underrepresented, and this seems a serious drawback to the best interest of retired teachers. I sincerely hope that you will support this increase in teacher retiree membership at the Appropriation Committee Meeting tomorrow on March 26.
