HB-6470

AN ACT CONCERNING HOME HEALTH, TELEHEALTH AND
UTILIZATION REVIEW.

AMENDMENT

LCO No.: 9420

File Copy No.: 265

House Calendar No.: 219

OFA Fiscal Note

See Fiscal Note Details

The amendment strikes the language in the underlying bill and the associated fiscal impact.

The amendment (1) specifies conditions under which audio-only telehealth services can be provided under Medicaid and HUSKY B, and (2) requires Medicaid reimbursement for telehealth services to be the same as if the service was provided in person, to the extent allowed under federal law. DSS currently reimburses for telehealth services (including audio-only under certain conditions) at the in-person rate. While this codifies current practice under the public health emergency, it could preclude future savings to the extent telehealth services would otherwise be provided at lower rates than those established for equivalent in-person services.

The amendment makes other technical and conforming changes, which have no fiscal impact.

The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.
