AMENDMENT

OFA Fiscal Note

Reduces Cost In Bill

The amendment removes the provisions specified in Section 1 and its associated costs.

Instead, it requires the Environment Committee to convene a working group for developing recommendations for phasing out polystyrene trays in each school district, regional school district, regional vocational technical school, and constituent unit of higher education by July 1, 2023. This has no fiscal impact as the Chairs of the Environment Committee has the expertise to make legislative recommendations.

The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose.
