### AN ACT CONCERNING LONG-TERM CARE FACILITIES. AMENDMENT

LCO No.: 9433

File Copy No.: 457

Senate Calendar No.: 281

---

#### ***OFA Fiscal Note***

#### ***See Fiscal Note Details***

The amendment strikes the language in the underlying bill and the associated fiscal impact.

The amendment results in a cost to the Department of Social Services associated with eliminating the distinction between a chronic and convalescent nursing home and a rest home with nursing supervision and increasing minimum staffing level requirements in nursing homes.

The amendment requires the Department of Public Health (DPH) to establish a minimum staffing level of three hours of direct care per resident per day, by January 1, 2022. Based on 2019 cost report data, there are several homes providing less than three hours of direct care per resident per day. The total cost for these homes to meet the amendment's provisions is approximately \$600,000 to \$1 million. If the state supported those costs through increased rates, it would result in a state Medicaid cost of \$300,000 to \$500,000. The actual cost depends on the number and type of staff required.

The amendment also requires DPH to modify staffing requirements to (1) include one full-time social worker per sixty residents, and (2) reduce current staffing requirements for recreational staff. The net impact will depend on the adjusted staffing required for each home and the extent to which associated costs are reflected in Medicaid rates.
